Subject: SJAM/ SGEC/ Aviation parkway closures
Importance: High

Hi all,

I can confirm that the NCC authorizes the City of Ottawa & OPS to close SJAM, SGEC and Aviation Parkway in response to the inbound truck convoy(s). I also confirm that the NCC understands that the SJAM & Aviation/ SGEC routes will be the primary routes used into the downtown core and not secondary routes as was initially discussed.

I can also confirm that the NCC authorizes the City of Ottawa to clear the Champagne parking lot (Albert across from City Centre) to allow for the STO bus turn-around.

Regarding the parkway closures, we request that the City of Ottawa/ OPS provide the following:

- * All regulatory signage and barricades
 - * Including coordinating with the Ville De Gatineau for signage at the north approaches to the Champlain and Portage bridges
- * OPS officers to ensure that parking does not take place on vulnerable NCC overpasses/ pedestrian underpasses along SJAM & SGEC
 - * No parking signage has already been installed on both parkways
- * Advanced warning messaging along access routes approaching the parkways
 - * This is especially true for inter-provincial traffic using Champlain or Portage bridges
- * Map of closure (and detours) for dissemination on media and social media platforms
- * Provide an OPS Comms contact that can be shared with our internal NCC Comms group

If there is ever anything else, please don't hesitate to reach out on my cell # below.

Cheers
Ian
